

## **RELATIONS WITH COMMUNITY SUPPORT GROUPS**

The Merton Community School District recognizes and welcomes support for school operations from district parents, citizens, and organizations. District desires to establish and maintain a mutually beneficial relationship with interested individuals and organizations.

The district operates with community organizations through regular channels, as established by district policy regarding the use of facilities, fundraising activities, and governance of student and staff activity, etc.

The following principles / procedures are set forth:

1. All activities shall complement the overall objectives of the school.
2. The District Administrator shall approve and oversee all activities.
3. The District Administrator or designee will assist support groups in their gift-contribution selections.
4. All projects involving monetary expenditures through school accounts shall be submitted to the District Administrator for approval. Procedures must be coordinated with the business office.
5. Support group activities, including fundraisers that require the use of school facilities, help-participation of district employees, or students must receive prior approval of the District Administrator.
6. Selection of participating students shall be the responsibility of the school staff.
