SOLICITING OF FUNDS FROM STUDENTS AND SCHOOL PERSONNEL

In an effort to conserve student and teacher time for the continuing and increasing demands of the educational program, the following policy governs soliciting of funds from students and school personnel during school hours.

The following rules and qualifications shall govern all soliciting of funds from students and school personnel in the schools of the district during school hours:

1. No contributions of money for local, state or national causes or philanthropies shall be solicited from students and school personnel except those that have received the approval of the administrator.
2. Fund campaigns thus approved shall be so conducted as to minimize the amount of school time required and to emphasize the educational and civic values of participation by students and school personnel.
3. Contributions shall be made on a purely voluntary basis.
4. Containers shall be provided and the collection conducted so that amounts of individual contributions are not known to others.

Fund raising activities for students approved by the administrator for after school hours are not affected by this policy.
