

- ❖ Online Registration is **Thursday, April 12 (after 5 pm) thru Sunday, April 29**
- ❖ Enrichment classes that do not meet minimum enrollment numbers will be canceled and parents will be notified through email and Skyward Family Access message center. To select an alternate class, online registration will reopen May 3-6.
- ❖ Students enrolling in skill builder classes **must have a teacher referral** that indicates the student has met the requirements necessary for the class. Both the referral and requirements are necessary to enroll.
 - Session 1 meets Monday thru Thursday for 3 weeks
 - Session 2 meets Monday thru Thursday for 3 weeks
 - Session 3 meets Monday thru Friday for 2 weeks
 - All sessions have classes at 8:30, 9:30, and 10:30
 - **Session 1 & 2 are at Merton Intermediate and Session 3 is at Merton Primary**

Merton/Swallow Summer School Program 2018

Important Information

Registration Information:

- **Online registration ONLY.**
- Swallow families need to fill out the "Swallow Students Enrollment Form" on the Summer School Website, so a Skyward Family Access account can be created to use for registration.
- Paper registration forms will NOT be accepted.
- Payment needs to be made after May 14 (after the final registration date) and before June 3rd (to allow our teachers to purchase supplies).
- No refunds will be made.
- Out of district fees are set at \$50 per session, plus any cost of the class. Merton and Swallow families will receive first preference.
- Online payment **preferred** or mail checks to Merton School District, PO Box 15, Merton, WI 53056. Attn: Summer School
- Be sure to include the student's name on the check.

Class Information:

- Classes are listed for the grade that the student is currently in for the 2017-18 school year.
- Skill builder classes will be held to ten or fewer students. Referral required for class.
- Enrichment classes that don't meet minimum enrollment numbers will be canceled and you will be notified. Online registration will reopen to select a different class.
- Our goal is to provide enrollment space for the classes you select.

General Information:

- Meet in the Intermediate School gym on the first day of sessions 1 & 2 and the Primary School Gym on the first day of session 3.
- Doors to the school will open at 8:25 each day.
- No class changes after the first week of each session and no refunds
- Phone number during summer school is **262-538-1130**
- **REMEMBER TO BRING YOUR SCHEDULE THE FIRST DAY OF EACH SESSION!**

Merton / Swallow Community School Districts
SUMMER SCHOOL 2017 CLASS OFFERINGS
 Select the student's current grade (2016-2017) class.

Class Description	Fee	S	Gr
Skill Builder Classes Are those classes that your child's teacher recommended for summer school (math or read/write). They are indicated in the tables above in the shaded boxes. Please select the class for your child based on the grade he/she just finished this school year. Students must have a teacher referral that indicates the student has met the requirements necessary for the class. Both the referral and requirements are necessary to enroll.	\$0	1, 2, 3	1-7
Amazing Animals: Enjoy learning about the great variety of creatures from around the world, each with its own special characteristics. We'll explore animal senses, analyze animal artifacts, get clues from Beanie Babies, and even "hatch" eggs. During week 2, our hands-on adventure will concentrate on two special animals, and you will take home an unusual souvenir you created.	\$3	3	1-2
American Girl : We will read American Girl stories as well as make foods and crafts from the various time periods. This class is a must for all girls that love American Girl dolls. (2 hour class)	\$10	1, 2	1-6

Class Description	Fee	S	Gr
Animal Detectives: Hands-on participation and an abundance of animal artifacts will help us investigate adaptations that vertebrate animals use to "fit where they live".	\$3	3	2-3
Art To Wear: Students will learn a variety of skills: hemp knotting, kumi disk weaving, tie-dying t-shirts, recycling pop tops, and more all while creating things that they can wear.	\$12	2	4-7
Axis & Allies: The Blitzkrieg rages...can you stop it? Play Axis & Allies, a World War II strategy board game of war and economics!	\$0	1, 2	4-7
Basketball Skills & Drills: Passing, dribbling and shooting skills. Triple threat, screening, shooting and continuous full-court and half-court drills.	\$0	1, 3	2-7
Beginner's Theater: This class is for very young students who have little or no experience with acting. They will learn about the basics of voice, body movement, stage position, and improvisation. They will also perform a classic fairytale in a group for a live audience as a culminating activity.	\$0	1	4K-1

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr
Beginning Band for Incoming 5th Grade Students: This is a great way to get off to a great start to learning your new instrument. You will learn all the basics like how to put your instrument together, how to make a sound, how to read music, and basic instrument care. While this class isn't required, it is highly recommended for all beginners unless they are taking private lessons this summer. Students must provide all required materials that will be used in 5th grade band class.	\$5	3	4
Beginning Jazz Band: Students will have the opportunity to learn how to play in a jazz band for the first time. This is the perfect choice for a student who wants to see how they like playing jazz. Students must have at least one year of band experience in order to join. Students who play any band instrument are invited to join as well as students who play piano, bass guitar, drums, and guitar.	\$20	1	4-7
Birds, Bugs, & Books: We will be exploring many books with birds and bugs! Some of the authors include, Leo Lionni, Eric Carle and Mo Willems. A fun craft and/or activity will be done each day to go with the book. We will cut, paint, draw and more! At the end of the class students get to make their very own bird or bug book.	\$5	1, 2, 3	4K-1

Class Description	Fee	S	Gr
Bonkers for Balls: Any and all athletic or sport related game or activity! To promote great sportsmanship and having fun with all different types of games. Examples include: Basketball, wiffle ball, football, various types of kickball games, and dodge ball to name a few. Let's go Bonkers for Balls this summer! Please join us! All abilities welcome!	\$0	1, 2	4-7
Books & Cooks: Back by popular demand! Learn how to read a recipe, measure, mix, and cook up a tasty treat, along with sharing a favorite book for young and adventurous cooks! New recipes, new books, and a few old favorites will return.	\$5	1, 2	K-5
Candy Craze: This will be a fun and interactive cross curricular class where the kids will be using candy for each and every activity.	\$2	1	K-2
Camp Merton: Have you ever dreamed about a class centered entirely around being outside and playing games? Well all your dreams are about to come true at Camp Merton! Camp Merton is a class designed to give you the feels of being at a summer camp right here in the comfort of our school! We will play 1-2 different games each day while taking time to focus in on building foundational skills in teamwork, communication, sportsmanship, and perseverance. If you're a 3rd or 4th grader who likes to have fun then Camp Merton is the class for you!	\$0	1, 2	3-4

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr
Chess Advanced: Strengthen your chess game by developing a better understanding of strategy and tactics. Students will study concepts such as opening, middle game and endgame fundamentals, development, the center, and much more! Prerequisite: knowledge of basic chess rules.	\$0	1, 2	3-7
Chess Beginner: Learn chess! Students will learn how the pieces move, the rules of the game, and some simple strategies. They will also have time to play against other students with guidance from the teacher as they play.	\$0	1, 2	K-7
Computer Gaming: Do you enjoy playing computer games? If so, this class is for you! We will be playing a variety of computer games that will sharpen your computer proficiency, coordination, and problem solving skills. Come and join the fun this summer!	\$0	1, 2	K-7
Design Squad: STEM doesn't always mean robots and computers. Join us for daily hands on building challenges and design competitions.	\$5	2	2-4
Fairy Tales: Calling all princes, princesses, knights, and dragons! You are invited to explore the fantastic world of fairy tales! Students will enjoy reading and listening to fairy tales, writing their own stories, role playing, creating art projects, and even putting on their own puppet shows!	\$8	3	4K-5

Class Description	Fee	S	Gr
French Fun: Begin building a basic knowledge of French through a study of introductory communication skills, the alphabet, numbers, and useful phrases and vocabulary, all while exploring the culture of France! Course includes songs, games while gaining knowledge of French traditions	\$5	1, 2, 3	1-5
Fun with Flight: Why not fly a kite, build an airplane or launch a model rocket during this interactive inquiry based course for those that want to do something different. This hands-on course will allow students to explore the principles of flight in a fun and engaging way while getting outside to enjoy the summer weather. The sky's the limit...	\$10	1, 2	3-7
Games Galore: Games Galore is a great way to socialize and meet new friends while keeping active and engaged in a variety of activities. We will play games inside and outside consisting of board games, party games, and group games like kickball, capture the flag, dodgeball, and more. Come join the fun!	\$0	1, 2	K-7

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr
<p>Games with Friends: Students will learn to play group games and classic board games. In addition, students will have a chance to participate in developing their own games. This class will be tailored to meet your child's interests and skill levels. Children will develop an inner confidence along with team building and friendship skills as they laugh and enjoy this fun-filled class!</p>	\$0	1, 2	K-4
<p>Garage Band: Immerse yourself in the creative world of composing music with the use of Garage Band for iPad. Use Multi-Touch gestures to play keyboards, guitars, and create beats that make you sound like a pro — even if you've never played a note before. Students will also be able to use instruments, microphone, or a guitar and instantly record a performance with support for up of 32 tracks. With this technology at hand, you'll be able to create your own playlist of music and DJ for your friends and family!</p>	\$0	3	4-7

Class Description	Fee	S	Gr
<p>Google Expeditions Passport to Learning: Class canceled</p>			
<p>Guitar: This class is designed for students with little or no previous playing experience. Students will learn about playing guitar at a beginning level and will learn different styles, skills, and techniques. Some areas of concentration will include: reading musical notation, playing chords and melodies, playing with a pick and also with fingers, rhythms and strumming. The purpose is to give students skills so that when the class is over they will be able to learn and play riffs, melodies, and chords to a variety of songs. Guitars provided at school.</p>	\$0	3	4-7
<p>Hook, Line, & Thinker: Fish On! Why not learn about the great things Wisconsin rivers, lakes and streams have to offer in this hands on course designed to get kids thinking and learning first hand about Wisconsin's water resources. Students will also learn how to fish at the Merton Mill Pond, identify their catch and incorporate activities from the D.N.R Junior Angler program and Project Wet. It is designed to facilitate and promote awareness, appreciation and knowledge of our water resources. (3 hour class)</p>	\$6	3	3-7
<p>Hoop It Up: Are you ready to play some bball? Show off your skills each day as we play basketball. All levels welcome.</p>	\$0	1	4-7

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr
Improv Workshop: This class is not for the faint of heart! Live on the edge by not knowing what comes next! This class will move students from improvising as an individual to working with a group in creating as they go. No acting experience is necessary, but students should be willing to act foolish and have fun.	\$0	2	4-7
Just 4 Fun: This class is just for fun! Be a kid again! We will go bowling, disc golfing, biking and fishing. This class is for students that finished 4 TH and 5 th grade. Must bring own bike and fishing pole. (3 hour class) *cost to be determined	\$*	1	4-5

It will allow student fun and engaging opportunities to sharpen their readiness skills in preparation for the challenges of first grade. (2 hour class) Must have a teacher referral that indicates the student has met the requirements necessary for the class. Both the referral and requirements are necessary to enroll.	\$5	1, 2, 3	K

Class Description	Fee	S	Gr
Learn 2 Knit: Students will learn basic knitting/crochet techniques while completing a project they will be proud of. Knitters will begin by using a loom knitter then moving to needles when they are ready.	\$10	2	4-7
Legos & Art Design: Use legos to create pieces of art. Who says that paper, paint and markers were the only way to be creative. We will use legos to create self portraits, living creatures, nature scenes and more. At the end of the session all students will keep their legos	\$20	2	4K-7
Legos & Engineering: Spend time building and engineering lego projects with your friends. Each day there will be another challenge that students will need to conquer. Come and learn about architecture, design, and construction. At the end of the session all students will keep their legos.	\$20	1	4K-7
Makey Maker: Create and code a machine of your design with the help of a Makey Makey.	\$5	2	2-7
Math Olympics: Do you love cooperative math games and doing challenging story problems? This class is for you. You will be competing in fun exhilarating Everyday Math games and introduced to new challenging ones. Many math skills will be included. A great way to keep your brain in math shape while playing with friends!	\$0	1, 2	2-4

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr
Minute 2 Win It: If you love watching the T.V. show, you will love completing similar challenges in this class. There will be several individual and team games in which you will have only one minute to complete. There will be added twists and turns throughout the class. Sign up if you think you can win it in a minute!	\$3	1, 2, 3	2-7
My Summer Passport: Grab your passport as we travel around the world this summer! Students will travel to several countries to explore that country's culture and traditions. Students will create a new page in their passport and complete fun activities and projects that represent each country. Pack your bags!	\$0	1, 2, 3	4K-1
Ocean Fun: Dive into a world full of water, waves, and sea creatures! Students will learn fun facts about the ocean and create works of ocean art by using recycled materials! They will also get to participate in fun hands on activities and science experiments!	\$7	1, 2	K-5

Class Description	Fee	S	Gr
Patterns, Puzzles, & GeoShapes: Patterns are everywhere in our daily lives! They give us structure & help promote logical thinking. We will examine some common patterns, use pattern logic to solve puzzles, & explore geometric concepts through the use of pattern pieces, tangrams, pentominoes, tessellations, GeoSudoku, Reflect-It Mirrors, K-nex, & a variety of other hands on tools.	\$2	3	2-3
Play 60: Let's turn back the clock to time when there were no video games, computers, or other modern technologies and get back to the simplicity of childhood and the wonders of summer. We are going to enjoy the summer weather, get fresh air, play games and stay active! Summer is a time to have fun and let kids be kids...that's what Play 60 is all about.	\$0	1, 2, 3	4K-5
Pre-Kindergarten Readiness: For incoming kindergarteners (5K) who need more practice with skills. Students in Pre-K Readiness will experience chances to play and learn in a setting that will increase their chances at learning those new skills that are so important to early success in school. (3 hour class) Must have a teacher referral that indicates the student has met the requirements necessary for the class. Both the referral and requirements are necessary to enroll.	\$5	1, 2, 3	4K

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr

Sign Language Basics: Teaching beginning sign language skills to elementary students. The Pledge of Allegiance, foods, colors, ABCs....	\$5	1	4K-3
Spanish Prep: Preparation for Middle School Spanish (Recommended for 5th and 6th graders.) Get ready for Middle School Spanish and/or continue developing your Spanish skill set.	\$0	2, 3	4-7
Spanish: Fun, Food and Fiesta! Begin building a basic knowledge of Spanish through a study of introductory communication skills, the alphabet, numbers, and useful phrases and vocabulary, all while exploring the culture of Mexico! Course includes songs, games, food, and meaningful fun. Come join us at our summer fiesta.	\$0	2, 3	K-4

Class Description	Fee	S	Gr
Sports of All Sorts Do you love playing any and every sport? If so, this is the course for you! In Sports of All Sorts students will participate in a variety of fun outdoor sports including: ultimate frisbee, baseball/softball, soccer, football, kickball, frisbee golf, and team handball. If you are ready for constant fun and activity sign up for Sports of All Sorts today!	\$0	1, 2, 3	1-7
Storybook Gardening & Crafts: Storybook Gardening is a creative "hands on" class for young children. We will be enthusiastically reading children's literature based upon seven themes and preparing several take home container gardening projects related to well known children's books. Your child will have the opportunity to enjoy seeing their books they are familiar with come to life. Students will also love the opportunity to explore, learn, work and have fun together.	\$8	1, 2	4K-2
String Art: Students will use mathematical angles to create beautiful string art designs.	\$5	2	3-7
Surprise Party: Come celebrate summer with a different party every day! Each day will have a new theme and will include a variety of activities including arts & crafts, games, and story time. (Parties repeated each session)	\$5	1, 2	K-3

Merton/Swallow Summer School Program 2018

Class Description	Fee	S	Gr
Things that go Pop: In this class students will be using their senses to explore things that pop. They will have fun with bubbles, gum, popcorn, balloons and more!	\$2	3	K-2
Wet & Wild: Students will get to enjoy the outdoors with water exploration and interactive games.	\$0	1, 2	4K-1
Where's the Loot: This class will focus on fun filled days with scavenger hunts, treasure maps, and fun summer activities!	\$5	1, 2, 3	1-5
Wiffle Ball Mania: Very similar to the game of baseball, this is one of the most underappreciated games of all time. WIFFLE BALL is coming to Merton! Learn how to throw curveballs, sliders, and fastballs and make your opponent "Whiff" at your newly crafted pitches. Learn how to hit like the all time greats in this fun game.	\$10	2	4-7
Yoga: Yoga for kids is based on the idea that children can enjoy some of the same benefits of yoga that adults do, such as improved body awareness, coordination, and stress relief. More than just learning the poses, the yoga experience will encourage kids to explore the unfamiliar with open minds and become more comfortable in their bodies. For kids who are not good at (or don't enjoy) conventional sports, yoga may provide a much-needed physical outlet in a noncompetitive environment.	\$0	1, 2	4K-4

Class Description	Fee	S	Gr
Young Actors' Workshop I: This class is for middle elementary students regardless of level of experience. While there will be some training in voice, body movement, stage position, and improvisation, the main emphasis will be on preparing to give a scripted performance to an audience. Parts will be assigned with an eye towards finding a good match between the demands of each part and the reading and acting ability of each student.	\$0	1, 2	2-4
Young Actors' Workshop II: This class is for upper elementary/middle school students regardless of level of experience. While skills in voice, body movement, stage position, and improvisation will be introduced, the main emphasis will be on preparing a scripted play for an audience. Parts will be assigned with an eye towards finding a good match between the demands of a part with each student's reading and acting ability.	\$0	1, 2	5-7
Young Person's Guide to Theater: "To be or not to be - that is the question!" Join us as we delve into the exhilarating and action filled world of theater and drama. Students will learn about and experience the many facets that make up the fine art of theater.	\$0	3	4-7
