

EMPLOYEE CONSENT FORM

As an employee of the Merton Community School District, my signature below acknowledges:

1. I consent to allow the district to monitor my access and use of district technology including but not limited to e-mail, voicemail and Internet use with the understanding that district technology, e-mail, voicemail and the Internet are not private.
2. I acknowledge receipt, understand and abide by school district policy regarding computer hardware, software, Internet use, and other technology use.
3. I understand that the district's filter is not a foolproof tool in screening out unwanted information. No approach will ever be successful in totally preventing users using the Internet from accidentally or intentionally accessing inappropriate material or coming into contact with a dangerous individual. Such risks are inherent with the use of the technology. If a user inadvertently accesses material that is considered Prohibited or Restricted, he/she should immediately disclose the inadvertent access to the District Coordinator of Instructional Technology so modifications can be made to the filter to prevent further access.

Employee Signature and Date

Consent form is in effect until revoked in writing. Revocation will result in denial of access or use of district technology.
